Emmanuel Osayame

Full-stack Developer

I am a creative and committed full-stack developer with 4 years hands-on experience with a proven track record of designing and implementing scalable solutions in various industries. I have strong technical skills, as well as excellent interpersonal skills. I am eager to be challenged in order to grow and expand on the skillset I have gained through my experience in the IT sector.

Professional Experience

Jul 2024 - Present
Nugi Technologies I Nigeria.

Frontend Engineer

- Worked with internal projects team on building unreleased applications.
- Tech training on AI and development practices.
- Collaborated closely with designers and backend engineers to implement intuitive UI/UX and ensure seamless integration with RESTful APIs.

Jul 2024 - Jul 2025
Honour World Limited I Lagos, Nigeria.

Mobile App Developer – Honour World Data Mobile App

- Created the IOS version of the HonourWorld mobile app.
- Refactored the codebase using modern and stable frontend tools, optimizing performance and ensuring long-term maintainability.
- Applied best coding practices to improve the app's structure and scalability, resulting in more efficient development workflows.
- Enhanced user experience and customer satisfaction by implementing responsive and user-friendly design updates.
- Successfully improved overall app stability, leading to increased user engagement and positive feedback.
- Biometrics integration accross all apps.
